Folding instruction

Before folding, it's better to dry all parts and pool completely by lying them in the sun for one hour or so.(PIC.1). And then, spread some talcum powder to prevent the vinyl from sticking together.

Step1. Please fold the protrusion sides inside to gain rectangle shape. (PIC.2).

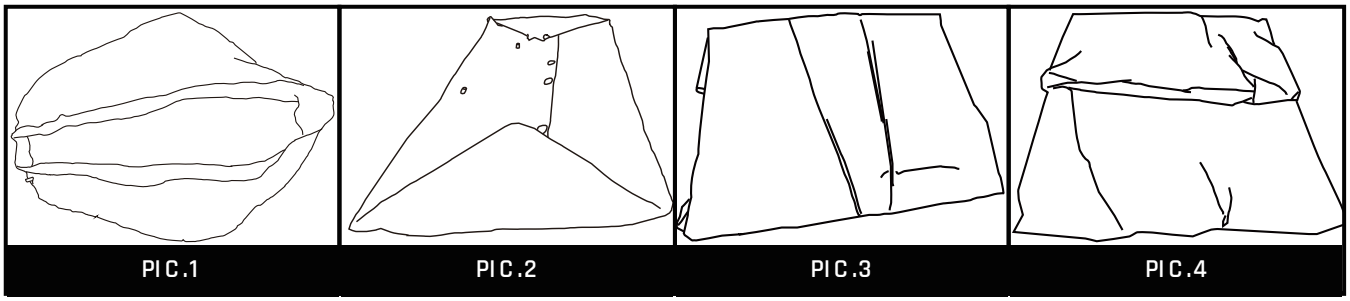
Step2. Fold each half of the rectangle to gain a smaller rectangle shape. (PIC.3).

Step3. Fold each ends backwards. (PIC.4).

Step4. Fold the rest ends together to create an ultimate rectangle one. (PIC.5).

TIPS1. Please remove air inside to make the folded pool thin and flat during each folding.

TIPS2. The original packing can be used for storage.



PIC.1 PIC.2 PIC.3 PIC.4
