

65 L DUST COLLECTOR

A magnificent workshop vacuum cleaner at an incredible price. The small dust collector DC100 outperforms all types of wet / dry vacuum cleaners with its power when it comes to wood chip extraction in the workshop. Thanks to its compact design, the tool is excellent for the small workshop: To ensure that the workpiece is clearly visible and the level of dust in the air is minimised.

- Clean air thanks to the 0.5 micron rating
- Compact and light, making it easy to store and to transport
- 100 mm hose connection incl. a four-piece adapter set for all small devices
- Robust metal container with handle
- Filter cartridge and four paper filters included
- Suitable for MDF, pulpwood, chipboards, etc.
