## Never stuck, always free to move

The industry-leading AWD enables a maximum 80% climbing ability and vertical obstacle clearance of up to 2 in., easily overcoming common lawn obstacles like small pits and stones.

## 0.37 acre auto mapping completed in the time of a coffee

LUBA mini AWD automatically detects boundaries and maps up to 0.37 acre, creating virtual maps with no manual effort.

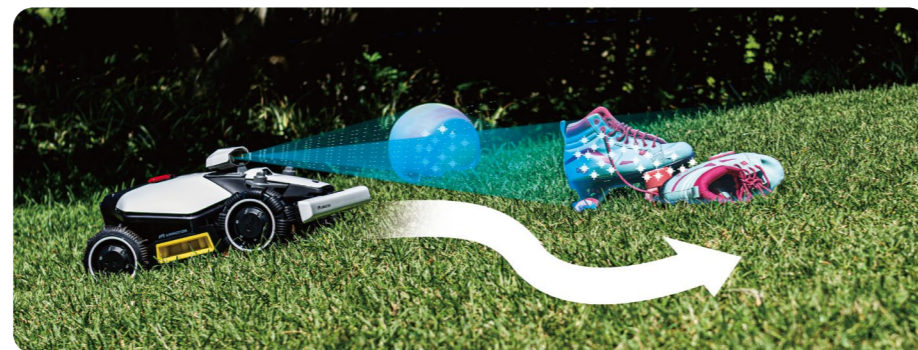

## Mow anywhere, no signal worries

UltraSense AI Vision ensures mowing for up to 1000 feet in areas without satellite signals, such as under trees or narrow paths. It will also seamlessly switch when the signal is restored

## Mow or avoid

The AI algorithm in the vision system can distinguish whether an object ahead is tall, thick grass to be mowed or an obstacle to avoid, such as children or animals.

## Up to 15 mowing zones management

Easily manage 15 mowing areas, including front and backyards, road sides, and no-go zones like pools and flower beds.

## Intelligent route, beautiful and efficient

While maintaining the smart route, LUBA mini AWD can also adjust the mowing angle freely by APP, ensuring both efficiency and the beauty of the lawn.

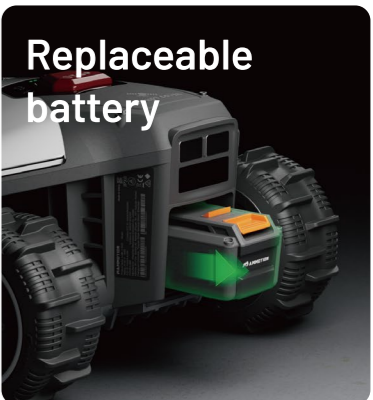

## Flexible cutting height adjustment

## 6 blades one disc

## Replaceable battery

## Zero-distance edge cutting

## IPX6 Waterproof

## 3D lawn printing
