

Precise upper and lower roller guide with ball-bearings.

Precision rip fence with magnified scale. Can be used on the left, as well as on the right side of the saw blade.

**12" BAND SAW 2<sup>nd</sup> BLADE AND STAND INCLUDING**

- Powerful 750 W induction motor with consistent cutting speed for working quietly and ensuring precise cutting results
- Sturdy and spacious extendable work table (400 x 500 – 860 mm)
- Solid base frame ensures a comfortable working height and stable positioning
- Work table with angle scale can be continuously adjusted from 0° to 45° for mitre angle
- Long and solid fence with quick-release fastener for precise cutting results
- Robust steel construction and aluminium pressure die-cast work table
- Large thickness capacity for big work pieces up to 170 mm
- Two speeds, 360 m/min and 720 m/min, for different materials
- Dustproof on/off safety switch
- Connection for external dust extraction
- Includes mitre gauge and 2nd saw band

| SPECIFICATIONS             |                     |
|----------------------------|---------------------|
| Dimensions L x W x H       | 840 x 590 x 1630 mm |
| Table size                 | 500 x 400 mm        |
| Table adjustment           | 0° – 45°            |
| Band wheel diameter        | 315 mm              |
| Saw blade length           | 2240 mm             |
| Cutting speed              | 720 / 360 m/min     |
| Thickness capacity / width | 170 / 305 mm        |
| Motor                      | 220 – 240 V~        |
| Engine power               | 750 W               |

**APPLICATIONS**

Even delicate work can be effortlessly implemented, thanks to the different saw band widths.

Both softwood and hardwood can be easily processed with the HBS400.

The longitudinal stop can be positioned on either side and guarantees precise saw cuts. It can easily be locked using the quick-release lock.

The sturdy extendable aluminium table is perfect for extra large work pieces.

Guides with ball bearings ensure smooth running of the saw band.

Angular cuts can be quickly and easily carried out, thanks to the saw table that can be steplessly adjusted.
